As supplement to my affidavit dated 17 November 2000, I hereby state:

I was born on 23 September 1934 in Herford, Westfalia.

I completed my secondary education there, receiving my Abitur diploma in 1955.

From 1955 -1957 I studied physics and history at the University of Göttingen and from 1957 - 60 at the University of Heidelberg where I completed my Ph. D. degree in Physics in 1960.

In 1963 I was promoted to Dr.rer.nat. (rerum naturum, natural sciences) also at Heidelberg.

From 1963 - 68 I was a scientific assistant at the Primary Physics Institute of the University of Heidelberg.

From 1968 -72 I was an independent consultant with the Duden Publishing House in Mannheim.

From 1972 - 80 I was a Lecturer in Mathematics, Statistics and Physics at the Technical Institute in Nürtingen.

Since 1981 I have been an independent consultant for sciences with the Gräbert Publishing House in Tübingen and other publishers.

Translated by J. M. Damon

I was married to Christa Klages from 1984 until her death in 1994 and I have been married to Gisela Taubert since 1998.

I have three children between the ages of 25 and 28.

In 1994, while employed as scientific editor with the Gräebert Publishing House in Tübingen, I was directly involved with the book project "Grundlagen zur Zeitgeschichte" (Dissecting the Holocaust) and I am familiar with the contents of the book as well as the legal proceedings against its compiler.

For this reason I initiated the "Appeal of One Hundred" sponsored by Prof. Helmut Schröcke as well as subsequent appeals and I continue to support their positions.
