TO:

Prof. Hanns F. Zacher
Hofgartenstr. 2
8000 Munich

Dear Prof. Zacher,

The Chairman of the Directorate of the Central Council of Jews in Germany, Ignatz Bubis, contacted you by telephone on 14th April 1993, regarding his concern over the effect of the expert testimony of the diploma chemist Germar Rudolf.

The Executive Council of the Zentral Committee has discussed in detail the background and the effect of this report.

The Council shares the concern of the chairman, that this report could easily be used as pseudo scientific evidence for the denial of mass murder of Jews.

As is well known, this has happened through its use by O. E. Remer.

The Central Committee of Jews in Germany expects from you, esteemed Prof. Zacher, that appropriate steps shall be taken by the Max-Planck Society and the Max-Planck Institute to hinder further activities of this expert witness.

The press release of the press secretary of the Max-Planck Society, dated 21st April 1993, is comprehensive but it does not hinder further activities of the diploma chemist G. Rudolf.

Yours truly,
Heinz Jaeckel
